Our residential carers look after young people in two to four bed homes in Bendigo. These are young people who cannot live with family and for a time need a safe and nurturing environment provided 24/7 by our service.

**What to expect on the day:**

- Talk to us, the TAFE and others about what it takes to become a residential carer working with young people
- Find out about opportunities for employment, training and support
- A light lunch, travel refund voucher and children's activities

**RSVP** to [expo@anglicarevic.org.au](mailto:expo@anglicarevic.org.au)

Let us know if you are bringing any children, as children's activities will be available.

**Come along and find out what we do, and how you can become a part of our team, bringing culturally safe support to kids in care!**
